# Introduction

Dear All,

As we embark on the second half of what has already been a successful and productive 2024, we are pleased to continue our positive evolution towards achieving our vision of becoming the action oriented, agile, impactful organisation that we all envisage. Following an in-depth internal review, we intend to implement a number of operational enhancements to enable us to fully take advantage of the opportunities available to us and to further empower us to fulfil our core strategic objectives as set out at the beginning of the current year:

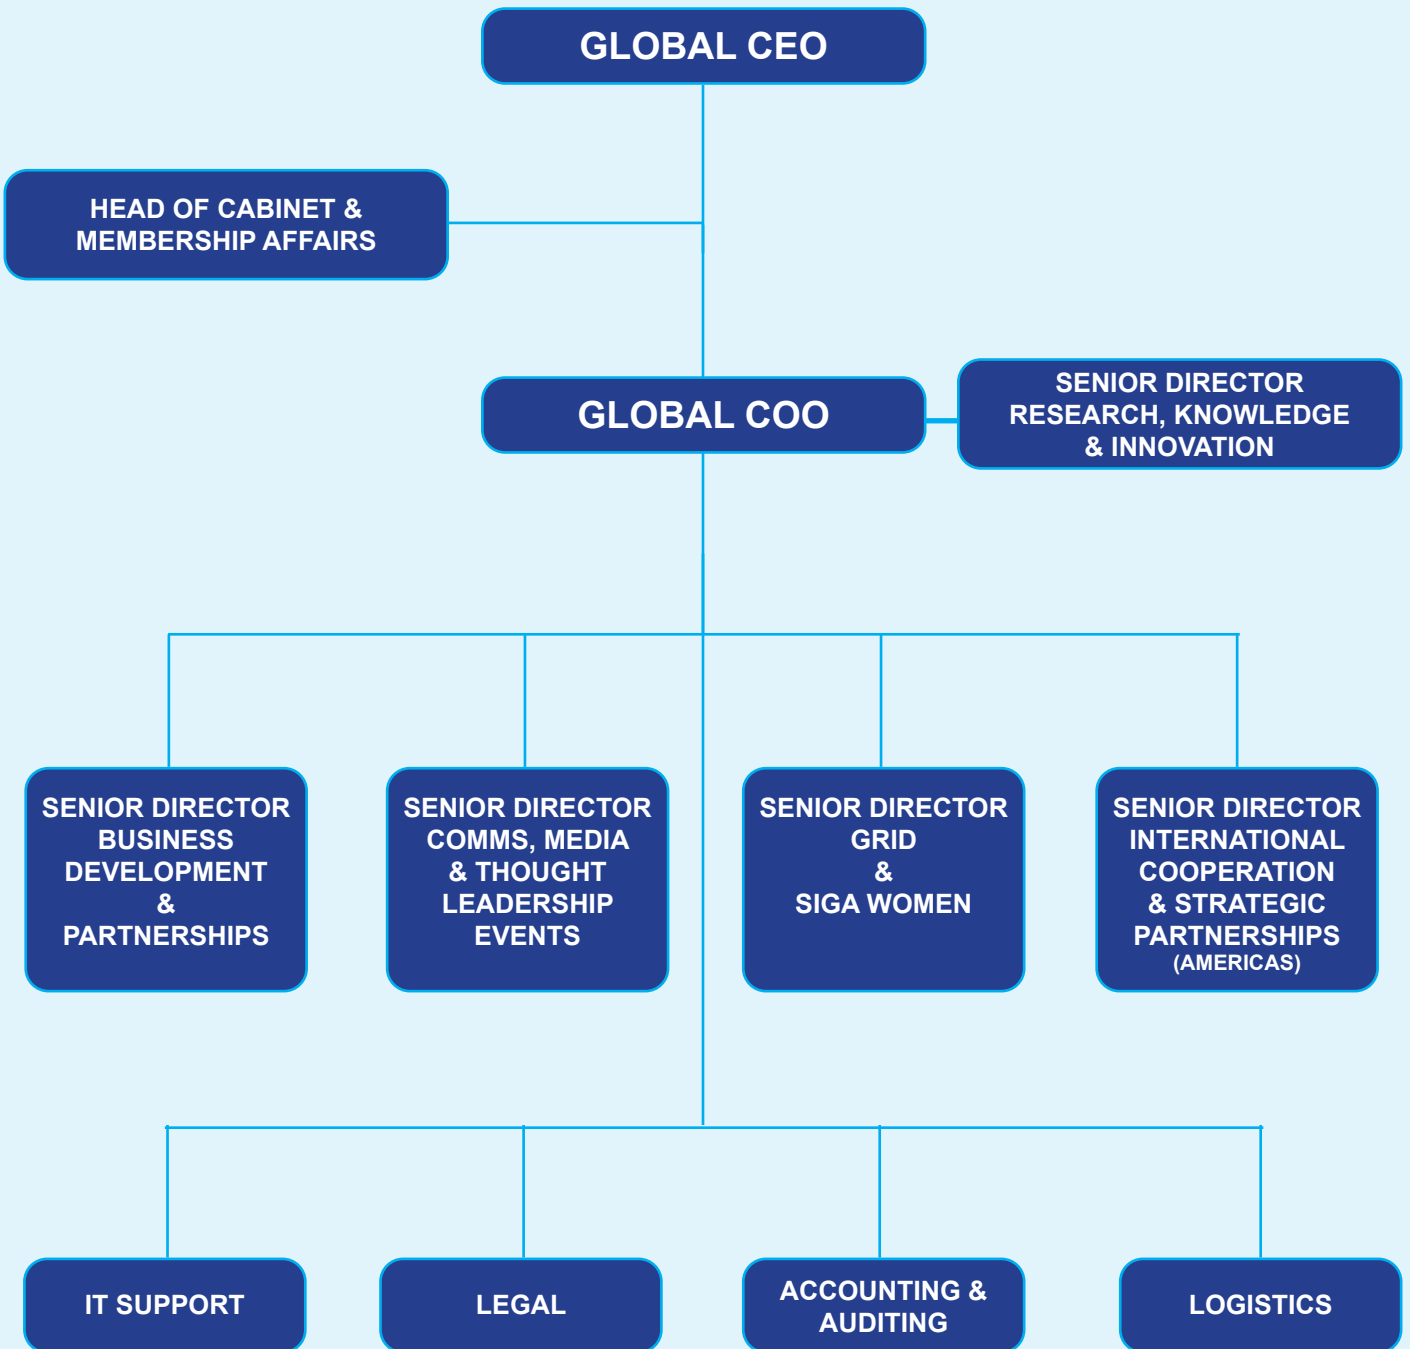

1. Business Development, Enhanced Revenue Generation and Long-Term Sustainable Development of SIGA;
2. Implementation of the SIGA Universal Standards on Sport Integrity and SIRVS; and
3. Growth, Cultivation, and Enlargement of the SIGA Membership Base.

As such, we are pleased to share this overview that summarises the important internal restructuring changes and our upcoming events for your information. We are sure you will agree that these changes will further enhance our operational capacities, efficiency and strategic impact. We remain grateful for your active participation, your commitment and support.
